Black

GL409 vs GL409-A BENEFITS

The GL409's white color is ideal for work environments where preventing transfer of dirt and grime to surfaces is crucial, such as the manufacturing and detailing of automotive interiors.

The black color of the GL409-A helps to hide marks and stains while working in unclean or oily environments, such as automotive assembly and maintenance.

GLOVE SIZING

2X-Small	X-Small	Small	Medium	Large	X-Large	2X-Large
5	6	7	8	9	10	11

All sizes comply with EN ISO 21420 for comfort, fit and dexterity. Only wear the correct size for your hand. Gloves that are too loose or too tight will restrict movement and will not provide the optimal level of protection.
